

September 20, 2008

Dear Parents and Participants,

Each year it is becoming more and more difficult in securing monetary donations. We lost Wal-Mart's 10% off of purchases for 2008 so prizes and gifts are down. In order to continue we ask for your help in securing donations for next year and for many more years to come. We would simply ask that you contact your employer or anyone you know that would like to donate for this event. Many of your employers and unions have grants or will just donate to these types of events.

More important we would also like to thank **each and everyone** who has donated to this event past and present. Without **each and every donation we** would not be able to put on this event. I think the current standard is very nice and if your children participate each year I'm sure they will receive some very nice prizes throughout the years. Attached is a list of donors for this year's event. Please thank these individuals or business who generously donates money, gifts, or their time to make this event what it is.

Also we are looking for highly motivated individuals to assist us for next year and for years to come, please contact me for details. If anyone has any questions feel free to contact myself or Jeff Knorr.

Sincerely,

Gene M. Goode
